Lourdes captures national rowing title

Victory for girls junior four boat is first in history of the program

Dan Pietrafesa
Poughkeepsie Journal

It was the perfect ending to a historic season.

The Our Lady of Lourdes High School girls junior four boat captured the program's first national championship by winning the Scholastic Rowing Nationals in Saratoga Springs on Saturday.

Joanna Mulvey, Katie Roach, Liz Iacou, Katie Coffin and coxswain

Kaitlyn Albrecht completed the 1,500-meter course on Fish Creek in a time of 5 minutes, 57.05 seconds. Pine Crest was second in 6:06.81.

"It was just absolutely amazing to see them row this whole season," Lourdes coach Erik Haight said.

"The girls did make it look easy. All the work they put into it all year long was hard. They are a strong crew and they won by open water in the heat, semifinal and final. It was a phenomenal performance this weekend. They peaked on the right weekend — that's for sure."

The Our Lady of Lourdes girls junior boat team won its first national championship on Saturday.

State Championships, Stotesbury Cup Regatta and nationals.

"We had a team meeting back in December and I asked them to set goals for this season," Haight said. "They told me they wanted to win states, Stotes and nationals. I put them on a program to do it and they did it."

"They were determined to hit those goals. The state championships were on the same weekend as the junior prom.

"My juniors skipped the prom so it would not impact their performance at states. It paid off because they won and qualified for nationals."

Haight said the national champions will have a few weeks off before training this summer for the Scholastic Rowing Association's Junior Development Camp.

"I'm just thrilled," Haight said. "The girls did it."

WARRIOR CREW

WHAT'S THE DIFFERENCE...

WHAT IS ROWING?

- ▶ The act of propelling a boat by means of holding one oar, in a sweeping manner
- ▶ As a sport: it involves watercraft, called shells
- ▶ Lourdes Crew races 4+ and 8+

WHAT IS SCULLING?

- ▶ The act of propelling a boat by means of holding two oars (2x)
- ▶ As a sport: it involves watercraft, called sculls
- ▶ Lourdes Crew does not race sculls (1x, 2x, 4x)

WHAT DO NOVICES DO?

- ▶ Novice rowers must first pass the swim test, learn the parts of the boat, the motion and technique of the movements, how to lift and carry the boat, learn front/back/left/right and do it backwards, learn to row in the tanks, and erg...
- ▶ JV and Varsity already know all that stuff, they just work harder to row faster

WHAT IS AN ERG?

- ▶ Your new best friend
- ▶ a.k.a. Rowing machine
- ▶ You will learn the proper technique and names of each stage of the stroke movement on it
- ▶ This will also give you times, stroke rates, etc.

WHAT ARE TANKS?

- ▶ Novices start rowing in the indoor tanks at the boathouse
- ▶ The tanks are stationary “boats” with the same sliding mechanics as shells, so you won’t be going anywhere, BUT you are one step closer to rowing on the water!
